

The World's MOST WONDERFUL HACKSAW

Eliminates ALL the failings of Hacksaws while embodying these

STAR
FEATURES

THUMBWHEEL controls all adjustments

- ★ Made for at least one lifetime of hard service in tough, light alloys.
- ★ Always stays in one piece—no tiresome taking apart or re-assembly—and NO LOOSE PARTS!
- ★ All adjustments made by ONE simple thumbwheel control, without the usual fumbling.
- ★ Takes 9in. to 12in. blades.
- ★ Precision, spring loaded blade retainers automatically align blade in 8 quick-change positions at 45° intervals through full circle without removal of blade.
- ★ Natural easy-grip handle eliminates fatigue and makes work a pleasure.

**Better work
with less effort**

Not merely a blade-holder—a triumph of British engineering and scientific design.
